Top Notch

Deficiency Free

On May 30, 2017, several inspectors from the Department of Health and Human Services arrived at Villa Crest to complete the annual health inspection. The inspection involves evaluating the center performance against standards established in the State and Federal Regulations.

After three days of complete reviews the department determined that Villa Crest was deficiency-free. This survey marks the 5th time Villa Crest has been deficiency-free over the last seven years.

Thank you to the Villa Crest partners and residents who worked with the inspectors throughout this process. Congratulations on a job well done!

Happy Birthday

Jeff Miller, Sarah McEvoy, and Cindy Sawyer.

National Assisted Living Week - September 10-16

The American Healthcare Association and the National Center for Assisted Living have chosen "Family is Forever" as this year's theme for National Assisted Living Week. The theme is inspired by a quote from the poet Maya Angelou:

"Family isn't always blood, it's the people in your life who want you in theirs; the ones who accept you for who you are, the ones who would do anything to see you smile and who love you no matter what."

During **National Assisted Living Week**, Villa Crest Nursing & Retirement Center will be celebrating these special connections between partners and residents. Stay tuned for more information!

Administrator in Training

Jeff Miller, a Villa Crest partner for over ten years, is becoming an administrator. He started training in 2016 and continues to pursue the requirements necessary to sit for the Nursing Home Administrator's licensing exam.

In the coming months Jeff will take a more active role in the administrative duties of the center. He will also continue to manage the Environmental Services Department. Congratulations, Jeff!
